First published in 1934, Dorothea Brande's *Becoming a Writer* has been widely regarded as a classic. It must have been thrilling for young writers in the threadbare 30s to be able to access Brande in this way as I imagine she was among the first to offer guidance which neither reeked of pragmatism nor developed within the noble goals of the WPA.

Brande then moves onto the dual nature of the artist's brain: the conscious and the unconscious. The bulk of the book is about not only understanding that dual nature, but also positioning yourself to use that duality most effectively. Brande is convinced that only after you get those two halves working together will you produce your best work.

Dorothea Brande, the author, goes on to suggest that "if possible, learn to compose on the typewriter". One final antiquarian tip: have two typewriters, one a desk model, the other a portable. Proof that the more things change, the more they stay the same. One computer for home, another for the road. Essentially Brande discusses, quite accurately in my opinion, the different psyches of writers ...

? Dorothea Brande, *Becoming a Writer*. 0 likes. Like "The ordeal is too trying to be taken with equanimity, and a sensitive writer can be thrown out of his stride deplorably by it, whether or not the criticism is favorable. It is seldom that the criticism is favorable, when a beginner is judged by the jury of his peers. They seem to need to demonstrate that, although they are not yet ...
