A practical, hands-on workbook, *Becoming an Effective Supervisor* neatly fills the gap in supervision resources available to mental health practitioners. The workbook is designed to help clinical counselors and therapists create effective supervision programs of their own, and to address the individual needs of their students. The leading contemporary models of supervision are discussed, as well as the necessary components of a successful supervision curriculum.

[Becoming an Effective Supervisor: A Workbook for ...](#)

Becoming a clinical or counseling supervisor can be a challenging experience for the mental health practitioner. While supervision is a relationship that is similar in many ways to counseling or psychotherapy, it has a different structure and purpose. The primary purpose of clinical supervision is to ensure the quality of client care while the trainee or supervisee is learning. The supervisor ...

[Becoming an effective supervisor: A workbook for ...](#)

However, we are never a victim and can learn to change an unhealthy life to a healthy life, but only if we learn to create an effective thinking process. This workbook describes an unhealthy life caused by a flawed thinking process and then provides the steps for creating an effective thinking process that will result in living a healthy life.
