A fundamental question of power must be addressed—who guards the guardians and how? In this volume of essays, contributors associated with the Center for Civil-Military Relations in Monterey, California, offer firsthand observations about civil-military relations in a broad range of regions including Latin America, Africa, Asia, and Eastern Europe. Despite diversity among the consolidating democracies of the world, their civil-military problems and solutions are similar—soldiers and ...

The continued spread of democracy into the 21st century has seen two-thirds of the almost 200 independent countries of the world adopting this model. In these newer democracies, one of the biggest challenges has been to establish the proper balance between the civilian and military sectors. A fundamental question of power must be addressed—who guards the guardians and how?

The Three Classes and Their Mutual Relations. The Guardian class is subdivided into Guardians proper, or Rulers, and Auxiliaries. The Rulers exercise supreme authority in the state and are selected by exacting tests (the educational aspect of these is dealt with later, Part VIII). The Auxiliaries (I retain the traditional translation: there is no single term which describes their function ...

The result has been the emergence of what we called "guardian democracy." In guardian democracy, military power endures as the check against and counterweight to popular majorities, and the political space for opposition is circumscribed. The security apparatus, ever alert to potential "threats from below," remains a political actor that monitors and contains civil society. The latent threat ...

Who guards the guardians? Greg Daly November 2, 2017. Cardinal Raymond L. Burke It's a common observation among informed Christians – regardless of their branch of the Christian family – that when it comes to covering religion, the mass media is embarrassingly out of its depth. Genuine mastery of the subject is rare, which is one reason why John Allen being hired by The Boston Globe in ...
