It talks about the human body and the differences between boys and girls without talking about sex. It does talk about where baby's grow but not where they come out or how they get there. So if your kids aren't asking those questions yet and are only interested in the differences in the bodies this maybe a book for you.

Briefly talk about how it's important to respect each other's bodies, and while it's fine for them to be curious, it's not appropriate to learn about bodies by exploring someone else's. Later, give the other parents a quiet heads-up. With siblings, the same rules apply: Say, "It's fine to be naked with our family, but we respect boundaries." For the Walkens*, a family of six ...
